Dear Colleague:

I wish to extend sincere thanks for your hard work throughout Fall 2018, especially contributions to major projects towards semester's end, particularly a well-choreographed Fall 2018 Commencement. This effort required extensive conversation, mutual collaboration, and constant communication.

In addition, you made contributions in your own way to help facilitate our historic SWAC Championship home game win, as well as national recognition/representation in the *Air Force Reserve Celebration Bowl*, where our Braves played like champions.

We cannot spell Alcorn State University without **you**. As the year comes to an end, I wish to express appreciations to you for helping Academic Affairs make great strides. Warm wishes on a productive end to 2018 and for a prosperous start to 2019. Thanks again.

Happy Holidays.
