

MEMORANDUM

Date: March 18, 2020
To: Deans, Directors, and Faculty and Extension
From: Dr. Keith McGee, Interim Provost & Executive VP for Academic Affairs
Re: Enrichment and Summer Camps

Alcorn State University is closely monitoring the ongoing Coronavirus Disease 2019 (COVID-19) pandemic. As the situation continues to change rapidly, our top priority remains the health, safety, and well-being of our community, on and off campus. We are planning for several contingency scenarios and taking decisive, informed action to limit the spread of COVID-19 while ensuring the continuity of our teaching, outreach, and research mission. To that end, Alcorn's goal is to reduce the number of people on campus—including visitors—in order to slow the potential transmission of the virus and protect vulnerable populations from exposure. All members of the Alcorn community, on and off campus, are asked to help in this effort.

To this end, this letter serves as notification of the suspension of the listed enrichment and summer camps effective until further notice.

- Agriculture Summer Programs
- Community Summer Programs that are held on Campus
- Mississippi Summer Transportation Institute
- Saturday Science Academy
- University College
- Upward Bound

Each of these programs support Alcorn State University in fulfilling its mission and commitment to serving the education needs and attainment of students and youth in our region and the state of Mississippi. Once the University has lifted the restrictions, timely notifications will be communicated to support preparation for the offering of our programs at a further date.

cc: Felecia M. Nave, Ph.D., President
